

To: WHO members

Re: 2010 opportunities for education

WHO surveyed its membership for education topics, and then to prioritize those topics. Below, you'll see what we're planning to meet your expressed needs.

Many of the topics you requested will be covered at the Spring Annual Convention, and many others will receive independent treatment. This brief survey will help us know how to plan. Thank you for making your check marks and replying to our little questionnaire.

1. WHO's **spring convention will be held April 19-21 in Stevens Point. Please indicate your staff's likely participation.**

More than one will probably attend.

One will probably attend.

It's not likely anyone will attend from our staff.

2. WHO is offering a **coding workshop, and optional certification exam, in **Wisconsin Dells in March**. Please indicate your staff's likely participation:**

More than one will probably attend.

One will probably attend.

It's not likely anyone will attend from our staff.

3. WHO is offering a **coding workshop, and optional certification exam, in **Eau Claire in October**. Please indicate your staff's likely participation:**

More than one will probably attend.

One will probably attend.

It's not likely anyone will attend from our staff.

More on next page....

4. WHO will present a "webinar" by Fazzi Associates on the subject of the new, federally mandated, **patient satisfaction surveys. Please indicate your agency's likely participation.**

More than one will probably participate.

One will probably participate.

It's not likely anyone from our staff will participate.

5. WHO will bring back Aaron and Karen from BKD, along with the new data from Jeff Lewis, for a day of examining **Medicare data specific to your agency and of consulting on how you can improve your Medicare bottom line (and look at how well your previous changes are helping). Most likely this will be in November. Please indicate your staff's likely participation in this one-day event.**

More than one will probably attend.

One will probably attend.

It's not likely anyone will attend from our staff.

6. WHO will offer a one-day **OASIS C workshop in September in Wisconsin Rapids. Please indicate your staff's likely participation.**

More than one will probably attend.

One will probably attend.

It's not likely anyone will attend from our staff.

7. WHO is hoping to offer a one-day workshop, with Cindy Kraft, on **therapy compliance and therapist as part of a team. (Perhaps in May?) Please indicate your staff's likely participation.**

More than one will probably attend.

One will probably attend.

It's not likely anyone will attend from our staff.

More on next page....

8. WHO hopes to offer two one-day workshops on **wound care and skin issues as they relate to OASIS, therapy and outcomes -- one in Eau Claire and one in the Fox Valley (perhaps during the summer). Please indicate your staff's likely participation.**

More than one is likely to attend in Eau Claire.

More than one is likely to attend in Fox Valley.

One is likely to attend in Eau Claire.

One is likely to attend in Fox Valley.

It is not likely anyone will attend from our staff.
